GALTÜR 2023  
48th GOLDEN FLIGHT LEVEL

## GETTING THERE

For those of you flying to Innsbruck, look for one of us with a GALTÜR 2023 sign in the arrivals hall. For those of you flying to Munich, after leaving the security area follow the signs to “Mietwagen - Car Rental” and find the airport brewery “Airbräu” which is just opposite the car rental desks. We have reserved some tables there from 09:00. Depending on the time left until your bus leaves, you will have time for a beer or we will take you straight to your bus. Those of you arriving in Munich before the 14th and riding to Galtür from Munich Airport, can enjoy a Bavarian breakfast with „Weißbier“ and the famous „Weißwurst“ there.

The bus ride will cost 80 EUR return from Munich and 90 EUR return from Innsbruck. You can pay via [PayPal](#) in advance or cash at the meeting point.

If you travel to Galtür by car, you have the following parking options: At hotel Fluchthorn there is no outside parking available, but the underground parking garage is free. All other hotels offer free outside parking. Their underground parking garage costs 9 EUR per night.

## GETTING AROUND

You will find a resort map in your welcome bag providing all the information on how to get around in Galtür.

The welcome party will take place in Silvretta Hall. This is a five-minute-walk (300m) from Dorfplatz Galtür (*hotels Fluchthorn and Rössle*). From all other hotels there will be a bus shuttle to “Dorfplatz Galtür”.

Details on the bus timetables can be found in the hotel lobbies.

## CAPTAINS' MEETING

The captains' meeting will take place in the “Alpinarium” in Galtür on **Sunday, January 15th at 16:00**. It's a short walk from bus stop “Hotel Ballunspitze”.

We still do not have any candidates for GFL2025! If you or your team want to apply, please let us know as soon as possible, so we can plan some time. Also, if you want to discuss any other topics, please let us know so that we can adjust the schedule.

## KEEPING INFORMED

For GALTÜR 2023 we created a WhatsApp community, which you can join by clicking the WhatsApp icon below.

The community consists of several WhatsApp groups. By joining the community, you'll automatically be added to the announcement group, which is broadcast only and keeps you up to date on the schedule. Additionally, there is a general chat ("OPEN FREQ"), an individual group for each hotel, a lost & found group and a designated chat for the team captains present in Galtür.

Feel free to join any of the other groups at your own convenience. We'd recommend for you to join the "open freq", the "lost & found" and the respective hotel chat. If you don't know which hotel your team will be staying in, you can find out here: [www.gfl2023.com/teams](http://www.gfl2023.com/teams). We ask for all team captains to also join the team captains chat so we can spread information quickly.

In addition to the announcement group, we will also use the story function on [Facebook](#) and [Instagram](#) to post daily updates on the schedule to keep you in the loop.

In this online version of the newsletter, it is not a link!  
Please get in touch with your team captain to join the WhatsApp Community.

## PHOTOS OF GALTÜR 2023

"Hey folks, Frank here. I'm a controller-colleague and your photographer for GALTÜR 2023. My task is to track the main events like parties and races.

To give you easy access (*share, like, download*) I've created a gallery:

[GALTÜR 2023 photo gallery](#)

In this online version of the newsletter, it is not a link!  
Please get in touch with your team captain to get access to the gallery.

One can only find this gallery with the respective link, so don't worry: You won't be on Facebook or Instagram unless you post it there. You will be able to download pictures without signing up. There is an easy-to-use function to share pictures directly via Facebook and WhatsApp, to copy a link or send it via email.

Generally, the images are in web quality to ease a fast display on your smartphone. They are free-of-cost and contain the GFL Logo. If you need a higher resolution without logo for a print, go to the shop.

If I got you on my SD-card but you find the image annoying, just let me know and I will delete it. And if you give me a sign before I press the shutter-release-button, I will not take any pictures of you in that moment.

At parties, images won't get better with the time increasing. So, don't worry: After a certain time, I stop taking pictures and have a beer with you.

If you have any questions, don't hesitate to contact me via my [website](#).

See you in Galtür!"
