Free ski buses run frequently between Galtür and Wirl all day long. They stop at Dorfplatz (at hotels Fluchthorn and Rössle), in front of hotel Ballunspitze and at the bottom of the resort. Travel-time is five minutes. Between 19:30 (18:00 on farewell evening) and 03:30 a GFL shuttle bus will run between Galtür and Wirl. You can find the bus timetables in your hotel lobby.

After 03:30 you can call a taxi if required.  
Taxi Zangerl: +43 5443 8200

PARTY NIGHTS

Welcome party, the "Südherz" concert (Pirates & Mermaids) and the farewell ceremony will take place in the Silvretta Hall.

We will party with you till three in the morning and if you still want to go strong thereafter, drop by Biwak 66 at hotel Ballunspitze to join the afterparty.

Shuttle buses run to/from the hotels till 03:30, afterwards taxis are available. Hotels Fluchthorn and Rössle are within walking distance (300m) to Silvretta Hall.

BAR NIGHTS

On all other nights there is no specific event scheduled. We call that "bar night". Enjoy your free time with your teammates and other GFLers. Check out the different hotel bars or drop by Biwak 66 at hotel Ballunspitze or Huber Stadl at hotel Wirler Hof.

To fight a possible late night hunger we recommend Niko's street food bar opposite Biwak 66.

The GFL shuttle bus runs every 30 mins till 3:30 to make sure you get around easily.

RACES

You can redeem any of the food and drink vouchers you got in your welcome bag at any of the three races.

GIANT SLALOM / SNOWBOARD  
The races take place on slope #7. The finish area is right next to GFL hotspot Faulbrunnalm.

SKI SCHOOL / DEPOT

With your GFL-wristband you'll get 15% discount on all products of Schischule Galtür. That includes private lessons, snowbike rentals and use of the lockers in the ski depot. GFL CHARITY

MUSKELN FÜR MUSKELN

"Muskeln für Muskeln" (literally "muscles for muscles") was co-founded by a Munich ATCO and stands up for kids suffering from SMA (spinal muscular atrophy).

This genetic disease is quite rare, unfortunately this means that research for a therapy is not very profitable for pharma companies. The aim of "Muskeln für Muskeln" is to raise money to fund private research for a therapy against SMA.

HPI

The Humanitarian Pilots Initiative (HPI) provides humanitarian aid through precise airdrops, aerial monitoring and a worldwide civil aviation network. Since 2015 HPI has managed to save more than 20,000 people from drowning in the Mediterranean Sea. Many other projects have been developed by a team of motivated volunteers. Among them are ATCOs and commercial pilots who dedicate their free time to help achieve HPI's goals.
